"The Ottawa Spotlight"

(By Wilfrid Eggleston)

Ottawa, September 8th.—External markets for Canadian products is a matter about which the present government is giving a great deal of time and attention.

One of its first acts was to conclude the trade agreement with the United States. A second was to exchange notes with Japan, bringing a tariff war to an end. Later there were agreements with Italy, Iran, Poland, New Zealand, Uruguay.

This summer Canada had "three travelling salesmen" overseas on a similar mission. Now they are back and the government is discussing the deals they made while they were away, which must, of course, be ratified before they take effect.

Messrs. Dunning and Gardiner were exploring the British market, which always ranks first or second (sometimes one, sometimes the other) among Canada's external markets.

Ottawa agreement May Continue

The Ottawa agreements, which gave Canada free entry into large preferences for many products, were given in August 1932, and were for five years certain. But they do not automatically terminate in August 1937. There is a provision that if either country gives six months notice they terminate after five years; if neither country denounces them in this way they continue indefinitely until six months after a notice is given.

Of course there is no likelihood of either country denouncing them in this way they continue indefinitely until six months after a notice is given. That is August 1937. That is a big improvement.

New trade agreements with Germany, Russia, Holland and Sweden, such as Hon. W. D. Fisher is said to have tentatively negotiated, are bound to add a little to this rising trend of Canada's external trade.

There are those who believe the importance of such commerce, but in general prosperity has always coincided pretty closely with a healthy volume of international trade so far.

Manitoba's Drought
Manitoba has a drought problem too, though not so extensive. It is meeting with the attention of the federal government also.

These things are secrets of state. But my own guess is that Canada will be prepared to make fairly extensive concessions to Britain to retain the present free market she enjoys for her major products.

This does not necessarily mean that Canada will maintain her high duties against Canada's competitors. The present government is more inclined to be satisfied with free entry for Canadian goods. So that, by mutual consent, it is possible that the agreements will be varied to allow the Argentine and Denmark to export some of the present duties against their goods. Britain is contemplating a new agreement with the Argentine, and it is quite likely that it will be negotiated with this possibility in mind.

Longer Breathing Space

If Britain denounces the agreement, the betting here is that she won't give notice until after the coronation in May. That would give Canada a little longer breathing space in which to come to terms with Britain.

In every budget since the Ottawa conference Canada has lowered duties against Britain. That she will again do so in the 1937 budget is virtually assured. It may be that by giving signs that she is willing to pay a little more for a continuation of the agreement, that she was to get it in the first place, she may be able to retain the benefits of a free market in Britain. This, with a rising trade on agricultural commodities in Britain, would be a major achievement.

Whatever the explanation, whether it is improving business, increased prices or what, Canada's external trade is showing a great comeback. The value of July exports was the best since 1929, and ran at the rate of nearly a billion dollars a year. In fact, in the past twelve months Canada's total trade has been in the neighborhood of \$1,500,000,000. That's a big improvement.

New trade agreements with Germany, Russia, Holland and Sweden, such as Hon. W. D. Fisher is said to have tentatively negotiated, are bound to add a little to this rising trend of Canada's external trade.

There are those who believe the importance of such commerce, but in general prosperity has always coincided pretty closely with a healthy volume of international trade so far.

ALBERTA PACIFIC ISSUES STATEMENT

(Continued)

Operations of The Alberta Pacific Grain Company Limited for the year ended June 30th last resulted in a loss of \$12,414.52 compared with a profit of \$1,491.33 for the previous year, according to the financial statement made public today by H. H. Sellers, President of the Company. Bond interest of \$164,283.67 was met and \$151,232.92 added to depreciation reserves.

In view of the uncertainty of the outlook for the coming year on account of the poor harvest in Western Canada, necessity of considering further extension of suspension of sinking operations in connection with the Company's \$2,000,000 first mortgage bond issue will be considered by the Directors during the current year, the report indicates.

The Alberta Pacific is one of the large elevator companies operating in Canada. The company operates 271 country elevators through out Saskatchewan and Alberta, and terminal elevators at Vancouver.

Directors and Officers of the Company are: H. H. Sellers, President; C. Allen, General Manager; Cecil Lamont, Secretary; C. J. Bingley, Treasurer; A. F. Culver, Controller; C. W. Ward, Toronto; H. W. Wetmore, Winnipeg; L. Kilham, Vancouver and W. W. Ward, Calgary, Directors. The annual general meeting of shareholders will be held in Calgary, October 27th.

UNFORTUNATE ACCIDENT

Tuesday afternoon Eddie Campbell, the bright little son of Mr. and Mrs. Lyle Campbell was sitting on the top of an empty gas tank at the B. A. Oil Warehouse.

Quite innocently and boy like the little lad was playing with a hammer, not unconscious of the danger lurking in the light, when iron strikes iron. The resulting spark caused an explosion which threw Eddie several feet into the air.

With the aid of Mr. Campbell and Mr. R. E. Gray the little lad was taken to Dr. Gillett's office. He was burned on the head and arm and his chin cut by the wire which required three stitches. Later he was taken to the Calgary General Hospital where he will be for a week after which assurance is given that Eddie will be quite well again.

K. C. ALLEN, GENERAL MGR. A. P. GRAIN SUCCEEDS J. R. MURRAY

Announcement was made today by Mr. H. E. Sellers, President of The Alberta Pacific Grain Co. Ltd. that K. C. Allen had been appointed General Manager of the Company to succeed J. R. Murray, who formerly occupied that post, and is now Chief Commissioner of the Canadian Wheat Board. Mr. Allen was formerly West End Manager of the Company. His headquarters will remain at Calgary. Mr. Allen is well known in grain circles in Winnipeg and Vancouver as well as throughout Alberta.

ARDENODE

Mr. and Mrs. H. Timney of Calgary spent a few days of last week with Mr. and Mrs. A. C. Jensen at their home.

We are sorry to hear of Mrs. P. E. Sarnon being under the weather, but we all sincerely hope she will soon be feeling herself again and enjoying her usual good health.

Mr. Roy Compton spent Friday of last week in the big city.

Miss Frances Chamberlain of Vancouver, B. C. is the guest of Mr. and Mrs. T. L. Chamberlain.

Mr. W. Sherrin attended the shower given in honor of Mr. and Mrs. Pete McLean of Nightingale Friday evening last. Miss Constance Bonds of Brooks accompanying him.

Mrs. H. Sherrin met with a painful accident one day last week, while splitting wood, a piece flew and caught her just below the eye, cutting it, and "Oh what a beautiful black eye!" Mrs. Sherrin still wonders how the other folks feel—suffice said.

Did you hear the story of the unfortunate dog who lost his tail in an accident. The Veterinary applied his very special ointment, whereupon an other tail grew. So pleased was the old man that he applied more ointment to the tail, and another dog grew.

Thursdays well under way in the district and will soon be over for the season.

Mrs. A. M. Watson returned to her home in Calgary Wednesday of last week after spending a few days with her husband, Mr. A. M. Watson, our local elevator agent.

Canada's Newest Trains

Keeping thoroughly abreast of the times, the Canadian Pacific Railway is putting into commission four semi-streamlined trains of the new class, which will operate on the day runs between Montreal and Quebec, Toronto and Detroit, and Edmonton and Calgary. At present these latest trains are on tour for public inspection in Ontario, Quebec, and Western Canada, where they will be seen by many thousands of residents.

Economical in operation, and approximately only half the weight of a regular standard train of the same equipment, the trains, which consist of the 4-4-1 type locomotive (2000 class) mail and express car, baggage and buffet car and two first class coaches, make a distinct

forward movement in modern transportation in Canada. Thoroughly air-conditioned, the cars at all times are supplied with clean fresh air and will be found comfortably warm in winter, and pleasantly cool in summer. In the pictures above are shown the new train, and parts of the first class coach, buffet car and ladies lounge.

GRAIN TRADE And Minimum Price

The Western Producer in its issue of September 2nd, referring to the decision of the government in regard to the minimum price for wheat and its reception by Western farmers, says:

"To them and to many of those whom they elected it must have come as a cruel disillusionment to find that their government chose to listen to and be guided by the export markets or to hold grain trade and other reactionary elements in their midst while refusing even to acknowledge the submissions of organized agriculture."

The implication that the grain trade or any section of it has at any time made representations to the Government, or to the Canadian Wheat Board, or has tendered advice to those bodies, relative to the establishment of the minimum price for wheat at 87 1/2 cents per bushel or any other figure, is absolutely false.

The interests of wheat producers and of the grain trade are identical in regard to grain prices. The prosperity of the grain trade and Canada is bound up with the prosperity of producers. It has no interest in keeping prices down. The figure at which the minimum price should be set is a matter to be decided by the Government having in view the loss which it might be

prepared to sustain in the event of a decline in world wheat values. The grain trade has repeatedly stated its belief that producers must be assisted to overcome the adverse conditions resulting from drought and excessively low prices.

But it has been exposed in its attempts to fix the price at which Canadian grain should be offered to the export markets or to hold Canadian wheat at prices above its relative value in world markets because such attempts must result in (a) loss of markets and diminution of sales, (b) the creation of burdensome enterprises, (c) eventual loss both to producers and taxpayers, and (d) encourage method of uneconomic and high-cost production by our competitors.

In the continuance of the open market for grain and the preservation of every available channel through which Canadian grain can be sold are to be found a guarantee of the best returns to Canadian producers. To maintain such returns is as much the desire and interest of the grain trade as of the producers themselves.

There is room for honest difference of opinion as to what the minimum price should be. But there is no justification for false imputations of motive and act.

Devon, I will come back to you some day;
It has been weary, parted from your hills;
Your feathered moorlands, and your daffodils,
Your deep lanes glad with foxglove or may
That twist along your valleys where the fields
Sleep, drugged with summer grass and spangled gold
With buttercups, or up through woods which hold
Night shadows ere the sun to starlight yields.

Devon, I will come back and find again
The secrets I've lost; of elder apples heaped
In orchards, gathered mushrooms still dew-dropped,
Of sun-charmed horse and bracken after rain.
And Devon, Devon, I have waited long
For a peevish call and skylark's song.

LYALTA

What might have been a serious accident occurred on Sunday morning when a car driven by K. Swanson of Lyalta was struck or collided with a car which was turning on the highway from a side street. The occupants of the badly wrecked car were all members of the Lyalta softball team. Mr. P. McKenzie, manager received severe lacerations to head as well as other injuries. Emma Sherman and Florence McKenzie were also injured quite seriously. Dr. Fitzell of Sylvan Lake treated the sufferers who are now under the care of Dr. MacNab in Calgary. An investigation is being held.

After a very successful year in which they won the intermediate honors for Southern Alberta the Lyalta girls softball team had a very disappointing end to their final series, which was being played in Sylvan Lake Sunday and Monday with the Edmonton team who were winners of the Northern Division.

The Lyalta girls took the field in spite of the fact that members of their team were in an automobile accident in the morning in which the car they were riding in was completely demolished and without the services of their manager and coach Mr. and Mrs. P. McKenzie.

At game time Mr. McKenzie was still on the table at Dr. Fitzell's. They were a badly disrupted team but all did their best, even though losing both games with scores of 9-17 and 19-23.

Chara Deeg started on the mound for Lyalta and did well despite Edmonton's heavy hitters, striking out 3 and giving only 1 walk. Six runs were scored on her four of which were scored on errors in the 5-1-2 inning pitched. She was replaced by Kay Stewart who in turn gave way to Grace Conder.

In the second game Chara Deeg again battled for Lyalta and held them well until the last inning when with two down she and her team mates seemed to crack under the terrific strain of the day and allowed their

And so the Provincial Championship goes to Edmonton who have a fine team and played their game well, but we also should thank the girls of Lyalta for their gallant fight, who while short handed and without their coach, and all in a state of severe nervous shock still took the field and we hope that they may reach their goal in 1937.

VIEWPOINT ON LIFE IN THE SMALL TOWN

The following is from the Victoria Times written by Bruce Hutchison, and is a word for the small town man.

The other day I was talking to a man who lives by choice in one of the little towns up the island. He has travelled most places, seen the world and has settled in a village rather than in Victoria, because he likes it. I asked him how a man who had seen the world's cities and the more pretentious aspects of life could content himself among the simple people of the country and the indifference and stagnation of his surroundings. His answer I considered significant:

"That, my friend, is where you are quite strong, and he. The people in the small town are not half as stagnant intellectually as the people of a big city. The small town man is broader in his ideas than the big city man. He knows more about what is happening in the world. He has more ideas. He usually has more in religion also."

"I lived in New York for a long time, and I found that the average New Yorker, no slick and shiny on the surface, is beneath it the biggest block in the world. He knows nothing, but New York and an endless round of pavements and subways. He has no notion of what is going on. He thinks New York is the world. He is too busy anyway, to think about anything."

On a smaller scale, Vancouver, in the same, a large part of the population of Vancouver thinks Vancouver is British Columbia and doesn't trouble to look further. But the man in the small town has his eye on the big places. He reads the outside paper and he has time to think. I tell you, I have heard more wisdom in the beer parlor in one little town on a Saturday night than I've heard among the big shots of Wall Street. I dare say there is more intelligence scattered about Vancouver Island—mostly outside Victoria because even you are getting too big, you know—than you could find in all Vancouver."

Why the best brain I have ever met and I have seen some of the most famous, lives on a little farm in the Comox Valley in a house that cost \$200 to build and has no plumbing. That's why I live in a village—not for love of nature and the outdoors, but because I'm interested in people."

That is where they live. Only the shadows of people live in cities. You said my friend to me, are one of them. This, I am convinced, is true.

ROCKYFORD

We are pleased to report the progress of Mrs. M. McLean who is a patient in a hospital in Calgary. We expect Mrs. McLean to be back in our midst during the coming week.

Mr. Wm. Walrod who is teaching at Grassy Lake spent the holiday week end with his parents.

Mr. and Mrs. Chas. Short and daughter Betty Rae of Vulcan moved into town during the past week.

The Ladies Aid met in the country on Friday afternoon last at the home of Mrs. L. W. Ropple. During the busy season the crowd was not very large.

A number of the farmers journeyed to Calgary on Saturday evening to spend the week end at the River Camp just west of Calgary.

Miss A. Birt who has been on vacation at Edmonton returned to town last Thursday evening.

NIGHTINGALE

Last Friday friends and well wish-
 ers of the new couple Mr. and Mrs.
 Pete McLean, gathered at the hall to
 enjoy with them a pleasant evening.
 An orchestra consisting of Miss
 Edith Hirtle, Andrew Garrett, Sam
 Murray and Walter Mercer, furnished
 music for a real peppy dance. During
 the supper intermission Mr. Mercer
 invited Mr. and Mrs. McLean to the
 front and with several humorous re-
 marks extended to them the congrat-
 ulations and well wishes of the
 guests and the surrounding district.
 Many useful and beautiful gifts were

presented at this time. Mr. T. S.
 Hughes then on behalf of Strathmore
 and district presented a chest of sil-
 ver. He said Nightingale was not the
 only one to remember and wish Pete
 and his wife well. Pete had been for
 many years a booster in a large dis-
 trict. Mr. McLean in his address of
 thanks said he was very pleased to
 know he had so many friends. Mrs.
 McLean also expressed her apprecia-
 tion. The crowd sang for the new
 couple. The dancing lasted until
 a late hour and friends left wishing
 Mr. and Mrs. McLean the best through
 life.

Miss Rosalie Shooker has gone to
 Calgary. She is a student in recent
 Hirsch High School. Kathleen Har-
 riman will attend school in Strath-
 more.

Mrs. Stoolley, Jack and Bert Thrif-
 fith motored to Calgary last Thurs-
 day. Mrs. Stoolley returned alone in
 a molar. She had a session at Doctor
 Haworth's.

Audrey Thurston spent the week
 end with Mr. and Mrs. George Thurs-
 ton near Langdon.

Mr. and Mrs. Ted McConnell have
 moved into the Damsen house where
 they will reside for the winter.
